

FREE HEALTH CHECKUP HELD

complete fitness test conducted which included serum bilirubin, SGPT, SGOT, blood urea, urine and glycosylated haemoglobin.

Mathur thanked the entire team at Indus Health Plus for undertaking this initiative and said, "Our hectic lifestyle leaves us with very little time to take care of our health. These health check-ups are one of the steps towards early detection of any lifestyle

diseases and ensuring a healthy life."

The police and traffic officials who had enrolled for the check-ups were greeted with a welcome kit followed by pre medical counselling and breakfast.

On the occasion of World Health Day, Indus Health Plus, a pioneer in preventive healthcare conducted free health check-ups for the city police and traffic officials on April 7 and 8.

The camp was conducted in the Police Headquarters at Shivaji Nagar. The camp was aimed at police and traffic officials because of their demanding work schedule.

The objective of this camp was to make them aware of their health quotient and encourage them to invest in healthy living and regular screenings. The

camp was graced by Satish Mathur, Commissioner of Police and Kanchan Naikwadi, Director and Founder of Indus Health Plus.

Along with this, there was a
